## The Manipulation of the Votes Begun

in the Custom-House. The Radical magnates are energetically occupied in the custom-house building in figuring up the result of the Waterloo of the Republican party throughout the length and breadth of the country. Hence, long faces, bleared eyes, and sickly complexions may be seen in and around the building. The bold and brassy airs of these men, the elasticity of their step, have given way to a despondent look and slovenly gait, and they now talk in subdued tones as they attempt

TO POUR CONSOLATION

into one another's ears in the shadow of some huge granite pillar of the already sombre corridors of the custom-house building. It appears from authentic reportsgiven, among others, by one of their cherished judges to a prominent Democrat-that they have indulged in the most excruciatingly fine subtractions in order to make out a majority in this State for their ticket. After throwing out (on paper) the parishes of East and West Feliciana, West Baton Rouge, Ouachita, and Morehouse, and creating other fanciful diminutions, they fail, utterly fail, to decrease the majority of the Democratic-Conservative party below fifteen hundred-hence these tears and this despondency.

Warmoth also seems to have GIVEN UP THE FIGHT

in which he had entered at the eleventh hour, and it was notoriously known yesterday afternoon on Carondelet street that he had engaged in a very large financial operation predicated on the success of the Democratic-Conservative party in Louisiana .-New Orleans Democrat, 12th.

STILL FIGURING ON LOUISIANA .- At 2 P. M. the Democratic Committee had information from all of the parishes in the State except Caldwell and Cameron, which justified an estimate that even without the vote of Ouachita, Morehouse, East Feliciana, and East and West Baton Rouge, the Democratic majority in the State would be 3,632. This calculation credits the two parishes not heard from with the vote cast in 1874.

Quite a number of the Democratic superreport in many instances the Republican officers refused point blank to sign the tallylists and returns.

In all such cases the Democratic supervisors made oath to the returns in the parishes, and brought their duplicate lists here, certified to, and deposited them with the committee.

Other reports are made that the ballotboxes were not sealed, as required by law, but were bound with rope or hoop-iron, the Republican supervisors alleging that no material had been sent them with which they could seal the boxes properly .- New Orleans Times, 12th.

A DEEP-LAID SCHEME TO THROW OUT A Democratic Parish.—[Special to the New Orleans Democrat.]—Bastrop, November 11.—It can be proven that in the Tenth Ward, which is strongly Republican, several men dressed in the uniform of United States soldiers took away registration pais every reason to believe that these men were Republicans, as they were mounted on horses which were identified as belong- strong, musky odor, and requires a good ing to well-known Republicans in the palieve, for the purpose of bringing in a benefit is felt from the first day of using it. of violence and intimidation, and furnishing a pretext to throw out the Democratic majority of Morehouse parish. This can be shown up by affidavits which hundreds of our citizens are willing to swear to. There has been no intimidation nor armed bands, as alleged by Kellogg, save the bands above referred to of United States soldiers, or men appearing as such.

J. HARVEY BRIGHAM, D. I. NORWOOD.

THE ONE MAN IN WISCONSIN .- Milwau kee, November 14.—The facts concerning the report that one Democratic presidential elector was chosen in Wisconsin are as follows: It was discovered several weeks before the election that Minor, a Republican candidate for elector, was a postmaster. He was thereupon taken from the ticket and Downs substituted. The blanks for returns sent by the Secretary of State to town officers of election contained Minor's name instead of Downs's.

Upon learning this the chairman of the Republican State Central Committee caused circulars to be sent to these officers instructing them to erase Minor's name and insert Downs's. In a few cases, so far as learned, this was not done, and the votes are returned as if they had been east for Minor, when in fact they were cast for Downs, but the number is not sufficient to raise any doubt about Downs's election.

AN OFFER TO REINFORCE GRANT.—How large a body of troops it may be deemed necessary to insure a peaceable count of the ballots actually east we are not informed. Possibly General Augur may deem a larger body necessary than General Sheridan may deem it safe to remove from other quarters, and we suggest that the various military organizations of New Orleans volunteer their services, and that clubs and such other organizations as can obtain arms also tender their services. If the Canvassing Board shall honestly count the ballots actually cast we see no reason to apprehend serious trouble. But as the President, General Sherman, and General Augur seem to be frightened, we see no harm in carrying out our suggestion .- New Orleans Democrat.

A REPUBLICAN PAPER ON THE SITUATION The Philadelphia Inquirer, a Republican paper, after alluding to the present political situation, which it declares to be "unsatisfactory as possible," says:

"If we should happily pass the present crisis without disaster, Congress will be criminally neglectful should it fail, before another general election, to provide a remedy against a recurrence of the existing condition of affairs. Whoever shall be declared elected President must satisfy the whole nation that he was fairly and honestly elected, for if he fail to do that, and attempt the slaveholders' rebellion threatens. That ROCKLAND LIME. was but a solid South opposed by a solid 1,200 barrels ROCKLAND LIME daily expected North, but the other would be a solid South per schooner Maggie Bell, for sale low from whari uniting with a divided North against a by divided North."

LIBERIA MOCHA COFFEE.—Liberian coffee is rapidly growing in demand, especially in Europe, where it has been longer and is better known than in this country. A leading ter known than in this country. A leading 1503 Dock street. DILLON, ELLETT & CO., my 29 has received applications for Liberia seedcoffee from various parts of the world, in cluding Ceylon, Natal, Barbadoes, and Arizona. The gentleman alluded to, Mr. James Irvine, offered a few months ago a prize of £20 (about one hundred dollars) and a silver medal to the Liberian planter who should send him a ton of the best Liberian coffee the quality to be decided upon by two competent judges in Liverpool. Mr. M. T. Decoursey, of the St. Paul's river, is adjudged the successful competitor, and Mr. irvine has already sent him the £20, and is having the medal in solid silver and excutisite workmanching. ANOTHER INVOICE OF THUSE
choice OF TH

FOREIGN INTELLIGENCE.

A Standard special from Constantinople declares that the Turks are firmly persuaded that Russia will make inadmissible demands in order to provoke a rupture. The Turks are vigorously preparing for war. Torpe-does are being placed at the eastern entrance of the Bosphorus, and forts have been strengthened. The people in Constantinople and elsewhere are forming a national guard. The Golos announces that the Grand Duke Nicolas will establish his headquarters at Kisienen, in Bossarabia. RUSSIA'S ULTERIOR DESIGNS.

The Berlin correspondent of the Times reports that, in obedience to Russian demands, Persia has placed some troops on her Turkish frontier.

The New Free Press of Vienna says: England possesses the clearest proofs of Russia's ulterior designs. She has communicated these to Count Von Beust, the Austrian Ambassador in London. A complete agreement is established between England and Austria.

The London Times considers England's only course is to proceed with the conference, and not consider anything as changed by the recent manifestations in Russia. In this course she can only rely on the good wishes of all Powers; not one of which will refuse to aid in the work of securing the peace of Europe. The Times thinks, however, that possible obstinacy of the Porte is a real danger.

THE DETERMINATION OF THE CZAR. London, November 14 .- A Reuter dispatch from St. Petersburgh says: The Czar has ordered the mobilization of part of the Russian army. A circular of Prince Gortschakoff, the Russian Premier, to Russian representatives abroad, explaining this measure, says: The Czar does not wish war, and will, if possible, avoid it. He is, however, determined that the principles of justice which have been recognized as necessary by the whole of Europe shall be carried out in Turkey under efficacious guarantees.

WEST FELICIANA.-Mr. Lewis, a member of our bar, who recently spent a few weeks in his native parish of West Feliciana, attended one of the principal polls in that parish, where a large negro vote was polled. At this poll, Mr. Lewis says, and he attended it all day, the negroes voted in a body for the Democratic candidates, and the only violent person present at the polling was Swaizie, the negro Radical candidate for the Legislature, who, drawing his pistol, visors from the parishes have arrived, and threatened to shoot any d-d negro who should dare to vote for a Democrat. Before there could be peace and quiet at the polls Swaizie had to be removed, which was done by his own colored brethren .- New Orleans Democrat, 12th.

A CURE FOR ELEPHANTIASIS-A MAN WHO ATE TURKEY-BUZZARD AND ENJOYED IT WITH A GOOD DEAL OF RESOLUTION.—There is a young man, the son of a respectable merchant, living in Carthagena, who for seven years had suffered from an attack of elephantiasis. He was in the last period of this terrible disease—his body full of ulcers and the fingers ready to fall off, when a Caracas paper fell into his hands announcing that, the flesh of the turkey-buzzard had been found to be a certain remedy in Cuba. He has been since living on the flesh of this "unclean bird" for two months, and was reported almost well. The nails and the hair have been reproduced; the ulcers and protuberances have disappeared; the voice has returned; he sleeps well; and pers from the hands of the Radicals. There enjoys a good appetite—in fact, so well as to astonish his friends and the medical men of the city. The flesh of the Gallinazo has a deal of resolution to eat it. This repugrish. This was evidently done, as we be- nance, however, soon wears off, and the Panama Star and Herald.
